A7. COIN TELEPHONE SERVICE

A7.1 Public Telephone Service

A7.1.1 Definition and Purpose of Public Telephones

A public telephone is an exchange station installed at the Company's initiative or at its option, at a location chosen or accepted by the Company as suitable and necessary for furnishing service to the general public. Public telephones are installed for the use of the general public and their use by any occupants of the premises in which they are located is only incidental to their principal purpose.

A7.1.2 Public Telephone Locations and Requirements

- A. The Company recognizes its responsibility for providing adequate telephone facilities to meet all reasonable public requirements, and the decision as to the extent, character and location of the public telephone facilities rests with the Company.
- B. In the selection of premises the Company endeavors to secure the most suitable of those available for the purpose, public convenience considered. The character of the premises or the location of the equipment should not be such as to offer risk to the Company's equipment or receipts.
- C. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a Company Public Telephone, the name information transmitted will always be "Pay Phone".
- D. At the location provider's request and upon written request from the chief local law enforcement official, the Company may at its option restrict calls from being placed at any specific public telephone during certain time of day periods in the interest of public safety and welfare. Access to 911 Emergency Service shall not be prevented at any time.

A7.1.3 Equipment

- A. Public telephones are ordinarily equipped with coin collecting devices; however, at the option of the Company, coinless public telephones may be furnished for the placing of collect, credit card and third-number billed calls.
- B. Booths are furnished when in the judgment of the Company they are warranted by the estimated amount of traffic, or by the character of the location, as in lobbies, waiting rooms, etc.
- C. Extension stations are not furnished in connection with public telephone service.
- D. In all cases, the Company furnishes and displays such of its standard signs as are necessary to properly identify the station.
- E. At the request of the location provider and at the Company's option Public Telephone Service may be arranged at certain locations, such as airports and shopping centers, to allow local calls to be forwarded to on premise security or information telephone numbers via customized speed dial capability at no charge to the caller. Such calls will be charged to the location provider at the local message rate specified in A7.1.4 of this Tariff.
- F. Public Telephone Service may be arranged to provide Public Facsimile Service and/or to allow personal computer access capability in connection with appropriately installed network interface facilities.

A7.1.4 Message Charges

- A. Local messages from public telephones located on the site of hotels, motels, airports, bus stations, train stations, entertainment facilities, retail facilities, apartments, highways, military establishments, colleges, factories, private profit making hospitals and medical groups are charged for at 25 cents each where equipped for Dial Tone First.

- C. Local messages from public telephones located on the site of low income housing projects or mobile home parks, within one block of low income housing, non-profit hospitals, nursing homes, elementary or secondary schools, city sidewalks and correctional institutions are charged for at 10 cents each.¹

1. Local message

	Rate	USOC
(a) Each local message	\$.10	NA

- D. Long distance messages are charged for at the Company's established long distance telephone rates as found in Section A18. of this Tariff.
- E. Directory Assistance charges as specified in A18.7.2.A. of this Tariff will be applicable to all Public, Semi-Public and Public Telephone Access Service subscribers.

A7.1.5 Reserved for Future Use**A7.1.6 Reserved for Future Use****A7.1.7 Inmate Calling Service (ICS)**

- A. Public telephones will be provided at the option of the Company for the exclusive use of inmates served within the confines of a penal, correctional, or mental institution where potential usage by inmates warrants establishing the service. The Inmate Calling Service (ICS) "administrator" is the executive officer or person designated by the executive officer of the penal, correctional, or mental institution.
- B. Subject to other applicable provisions of this Tariff, the following provisions also apply to public ICS lines:
- May be arranged for outward only calling.
 - May be arranged by the administrator to terminate calls after a certain amount of conversation time or in cases of emergency in accordance with any Rules or Regulations of the Commission. The Company will not provide credit or equivalent service to the called or calling parties for such calls.
 - Shall be arranged to block Directory Assistance calls.
 - Unrestricted public telephone service may be provided at the administrator's request in a fully supervised location.
 - Shall be arranged to allow only 0+ collect calls for local, intraLATA, and interLATA calls and to block all other calling including, but not limited to, local direct, credit card, third number, 1+ sent-paid, 0+ sent-paid, 0-sent-paid, 0-, 800, 900, 976, 950, 911, 10XXX, and 101XXXX. Where, however, the Company can block additional digit dialing after initial call set-up, 1+ long distance and seven digit local calling may be permitted upon request of the administrator.
 - May be arranged for seven digit sent-paid local calling and for 0+ collect calling for intraLATA, and interLATA calling.
 - May be arranged by the administrator to limit individual inmate calls to approved telephone numbers.

Note 1: Low income housing projects, for the purpose of this Tariff, means housing (permanent or mobile) supported or having support available in part or in full by Federal or State Governments or any political subdivision of either, whether multi-family or single-family dwellings and shall also include any other areas whose residents' per capita income is at a level which would justify the retention of the (\$0.10) charge.

8. May be arranged by the administrator to block access to certain telephone numbers.
9. At the request of the facility administrator, call detail information, such as date and time of call, duration of calls, and called and calling telephone numbers, may be furnished to the facility where prison authorities stipulate such information to be appropriate in preventing or identifying abuse or unlawful use of service and where the prison authorities stipulate that the provision of such information is not in violation of any federal, state or local laws, regulations or orders.
- C. At the request of the facility administrator, the Company may provide inmates with the capability to make local calls to public defender telephone numbers at no charge. Such calls will be charged to the administrator at the local message charges specified in A7.1.4 of this Tariff.
- D. Where facilities permit, ICS may be arranged to detect Three-Way Calling. At the request of the facility administrator, when Three-Way Calling is detected, the call may be disconnected. No credit will be given if such a call is disconnected.
- E. Access line service when provided for the exclusive use of inmates may be concentrated one line to three instruments. However, if more than one instrument occupies a single access line, only one instrument may use the line at a given time.

A7. COIN TELEPHONE SERVICE**A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)****A7.4.1 General**

- A. Public Telephone Access Service for CPE is an exchange line service provided at the request of the subscriber for telecommunications use by the general public at locations accessible to the general public. Exceptions to this service pertaining to inmates served within the confines of penal, correctional or mental institutions are provided in A7.4.7.
- B. Public Telephone Access Service for CPE is provided for use with customer provided telephones.
- C. Public Telephone Access Service for CPE is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of facilities.
- D. The carriage and completion of local and intraLATA toll messages are provided by the Company. Dialed calls are defined by those digits entered by the end user which control the routing of the call. Modification or translation of these digits or any local and/or intraLATA call is not allowed.
- E. Public Telephone Access Service for CPE is provided subject to the condition that telephone messages (local and long distance) placed from stations which are accessible to the public are completed over Public Telephone Access Service for CPE lines (or other Public or Semipublic lines). Where Public Telephone Access Service for CPE is furnished, any type or grade of residence or business service offered regularly at that location may be furnished in addition, provided such residence or business service is confined to locations solely for use by the particular establishment.
- F. Customer-provided public telephones may not be attached to other types of access lines. A subscriber must order a separate Public Telephone Access line for each CPE public telephone installed and will be billed the Tariffed rate for each line.
- G. Public Telephone Access Service for CPE will only be provided as Two-Way service, except lines placed at locations for which a specific exemption has been granted by the Public Service Commission. Coinless telephones do not have to receive incoming calls if requested by the location provider. All providers that do not allow incoming calls are required to have an intercept placed on the access line to indicate the called number is unable to receive incoming calls. This message will be provided by the Company where facilities permit and at no charge to the provider.
- H. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a customer-provided Public Telephone, the name information transmitted will always be "Pay Phone."

A7.4.2 Responsibility of the Subscriber

- A. The subscriber shall be responsible for the installation, operation and maintenance of any customer-provided telephones used in connection with this service.
- B. Must apply for and receive a Certificate from the Public Service Commission of South Carolina before the Company connects the public telephone access line(s). Proof of certification must be furnished to the Company.

 - a. Emergency numbers (operator assistance and 911)
 - b. The telephone numbers where a caller can obtain assistance in the event that the customer-provided telephone malfunctions in any way. Must clearly indicate procedures for obtaining a refund from the subscriber and that the customer-provided telephone is not being provided by the Company. (*With the exception of Coin Refund and Repair Referral Service (CRS) provided in A7.10 of this Tariff*, the Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.)
 - c. The telephone number and the location address of the customer-provided telephone.
 - d. If incoming calls cannot be received by the telephone, instructions indicating such.
 - e. The name of the presubscribed operator service provider or interexchange carrier.
 - f. The long distance service will be provided by the operator service provider or interexchange carrier and billed by the operator service provider or interexchange carrier at its rates.
 - g. The operator service provider's or interexchange carrier's rates may be obtained by calling the operator service provider or the number displayed on the instrument.
 - h. Dial 0 to reach the local exchange company operator.
3. The subscriber shall insure that the customer-provided telephone is provisioned in accordance with all hearing impaired requirements and provides handicapped access in accordance with any applicable statutory requirements.
4. The subscriber is responsible for insuring that customer-provided telephones are installed in compliance with all Public Service Commission accepted telecommunications industry standards, and the current National Electric Code and National Electric Safety Code.
5. The customer-provided telephone must be equipped to return the coins to the caller in the case of an incomplete call.
6. An optional four minute time limit may be imposed on the duration of any local call made from a customer-provided telephone with exception to telephones located in low-income areas.
7. All coin operated and coinless customer-provided pay telephones must provide access to all interexchange carriers certificated to provide intrastate service and are offering service in the geographic area in which the set is located. Access must be provided by means of the dialing sequence chosen by the carrier.
8. All local and intraLATA non-sent paid calls and 0- calls (as dialed by the end user) shall be routed to the Company.
9. All customer-provided pay telephones must be capable of completing local and toll calls.
10. The provider must order a separate public telephone access line for each set installed unless specifically exempted by the Commission. The set cannot be connected behind a Private Branch Exchange or any other private switching system.
11. The public telephone access line connected to the customer-provided pay telephone shall not be used for any other purpose.

B. Billed Number Screening

1. Billed Number Screening is provided on an optional basis as provided in A7.4.5.A. of this Tariff.
2. Billed Number Screening provides for the blocking of third number or collect calls which would be billed to Public Telephone Access Service for CPE.
3. Special equipment serving the originating caller's location is required to make this feature operable.

a. Where such equipment is installed:

Call attempts which have been screened will not complete. The operator will advise the calling-party that alternate billing arrangements will have to be made before the call can be completed.

b. Where such equipment is not installed:

Call attempts on a third number basis will complete but not bill. THEREFORE, ALL SUBSCRIBERS TO BILLED NUMBER SCREENING ARE ADVISED THAT CALLS SO COMPLETED WILL BE THOROUGHLY INVESTIGATED AS FRAUDULENT CALLS. THE PARTY PLACING THESE CALLS WILL BE EXPECTED TO MAKE FULL RESTITUTION, AND WILL BE LEGALLY RESPONSIBLE FOR THEM.

Call attempts on a collect basis and accepted will be billed. PAYMENT FOR THESE CALLS WILL BE EXPECTED.
